5X1 5X1 5X1 5X1 5X1 5X1 5X1 5X1 5X1 5X1	establishing complete control of the local Soviet colony. Since March 1946, the Soviets in Shanghai have been trying to enroll all local Soviet nationals and enigrants. about 75 percent have been enrolled, fin the "Brigades" ?, see paragraph 2 f. To facilitate liaison and administration, each of the local Soviets has been assigned to one of twelve professional unions or to the "Brigades" of which the number has grown since last March from fifteen to two hundred within the twenty-seven local Soviet organizations. Since each "Brigade" is made up of forty mambers, there are some 8000 Shanghailanders under direct control and supervision of the Soviet Government. The major purpose of the organization will be that of political and military education. A major problem confronting the Soviet community at this time is that of unemployment. Now that many of the U.S. Army installations have closed, the Soviets who worked in various capacities for the U.S. Army are without work. At present there are about 2,500 unemployed citizens of the USSR in shanghai and the Soviet community pleads an inability to support them. The following measures have been or will be undertaken:

During August, political education of the Soviet population has progressed in the "Brigsdo" organization under the direction of the Special Commission of the Association of Citizens of the USSR, headed by N.F. Svetlov. Particular attention is given to "Chinese Nationalism vs Chinese Communism" with most of the Soviets sympathizing with the Yenan group. Strong anti-American and anti-the Soviets sympathizing with the Yenan group. Strong anti-American and anti-the Fritish reaction has also been increasing among the Soviet population 1.
